SOFT SKILLS TRAINING

The Soft Skills Training Team focuses on comprehensive and holistic development of the students to make them "professionally competent and socially sensitive engineers" as envisioned in the vision and mission of the organization. The training focuses on all round development of the individuals in accordance with the industry needs.

SCOPE

The scope of the team extends to the students, staff and faculty of the organisation. The prime focus is to impart quality soft skills training to anyone who needs it. It believes in making the individuals the harbingers of change for a better tomorrow. It covers students in all fields of engineering, including CSE, IT, ECE, EEE, ME, CE, MBA & MCA.

PLAN OF ACTION

A planned and structured curriculum is framed keeping in mind the holistic needs of the student. The training team provides more than 100 hrs of meticulously framed sessions in all areas of personality development.

The focus areas are:

- Communication Skills
- Mindfulness and Emotional Intelligence
- Leadership
- Persuasion and Negotiation
- Non Verbal Communication
- Interpersonal Skills
- Competitive Training in English
- Interviews and Group Discussions

Career guidance

Teamwork, cooperation, and openness are the values we stand for. We promote collaborative effort over individual learning. We believe that realising our shared cause helps us in self-exploration. We stay away from extremes, value profound thought, and ponder to increase self-awareness. We work on the individuals' overall growth by channelling their ideas, knowledge, and abilities

Methodology

The training team believes in innovative and inclusive pedagogy. It does not follow a conventional

teaching-learning style. Some training tools are as follows:

- Interactive Sessions
- Problem solving and Critical Thinking activities
- Team Building exercises
- Counselling and Meditation sessions
- Creativity Boosters
- Switch-side Teaching
- Debates and Discussions
- Interview Simulations
- Video simulations
- Concentration games
- Writing marathons
- Tests for personality analysis
