245 students benefited the event and event was very informative.

Outcomes:

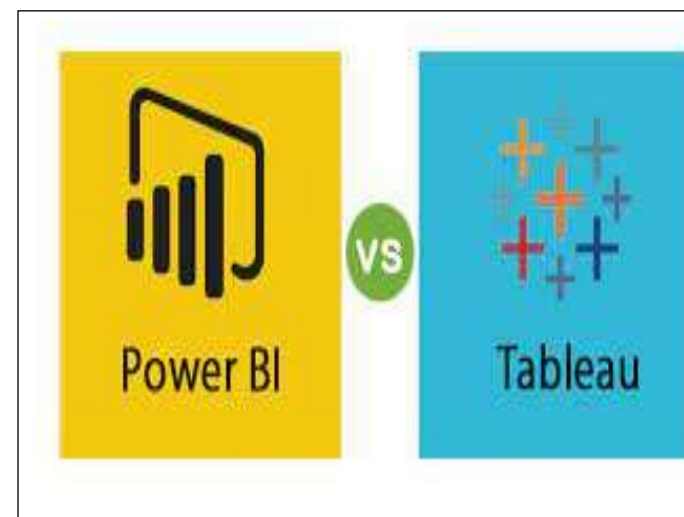

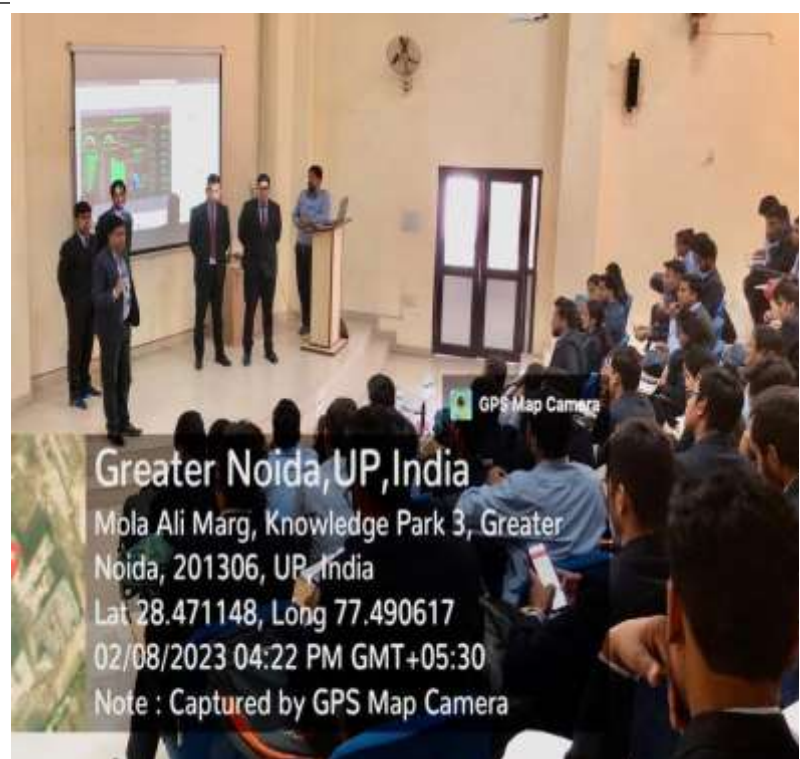

1. Learned about how to start.
2. Students got idea about entrepreneurship.
3. Learned importance of discipline.

Workshop on “Data Analytics with PowerBI and Tableau”

Department of MCA, GL Bajaj Institute of Technology & Management, Greater Noida organized a workshop on “**Data Analytics with PowerBI and Tableau**” for MCA students at the institute premises on 8 February 2023. The major objective of the program was to describe a new technology, but it may also refer to the continuing development of an existing technology. Emerging technologies play a vital role in the modernization of industries. New technologies help in transforming enterprises into a digital world. This technology is mainly helpful in manufacturing, energy and mobility markets. The Trainer from Shape my Skill lead this program by hands on session. From this workshop the students grabbed certificates.

Dr. Madhu Gaur, Head-MCA, gave necessary information about the scope the emerging technology in forthcoming digital era. She also extended vote of thanks to all the dignitaries and HOD's for sparing their valuable time.

Workshop on WEB 3.0 & Stratis Blockchain - Bcrypt23 in association with C# Corner & MCN Solutions, Noida

Department of Master of Computer Applications organized a workshop on Web 3.0 & Stratis Blockchain - Bcrypt23 in association with C# Corner & MCN Solutions. This event was organized on 3rd April 2023, MCA Students did hands on workshop on Web 3.0 & Stratis Blockchain. Instructor -Ms. Satya Karki and Mr. Rizwan Ansari with their team guides the Students to create wallets and smart contract account to accomplish transactions using blockchain technology digitally.

They were also exposed to different programming platforms to accomplish transactions using smart contracts based on blockchain technologies.

MCN Solutions is a Technology solutions provider with a state-of-the-art Offshore Development Centre at Noida, India focused on delivering the best and most cost-effective solutions for Software Development, Software Testing, IT Consulting, IT Training and Publishing to our clients.

In this workshop students got opportunity to know about basic blockchain technologies and its usage using different programming platforms.

- ❖ Basics of Blockchain
- ❖ Wallet creation
- ❖ Smart contract
- ❖ .Net 6
- ❖ C# Corner

BCrypt INDIA Web3.0 Week” An International Corporate Conference and Connect Program
