# GL BAJAJ INSTITUTE OF TECHNOLOGY & MANAGEMENT WASTE MANAGEMENT SYSTEM

Date: 16-01-2016

GL Bajaj Institute of Technology & Management has opted waste management system in its campus for promoting green environment in the society through its students. Waste disposal system in the campus will follow the steps given below.

## Step-1:

All waste materials like paper/food/plastic/electronic and other waste will be segregated and throw in the separate dustbins available in the particular offices, cabins or common areas of the institute.

## Step-2:

Housekeepers will collect the waste material accordingly from the all areas and throw the same at the garbage area (which is already allocated near the Gate No-2) in the proper places or dustbins as mentioned below:

1. Papers wastes will be stored in the paper house.
2. Food wastes will be stored in the Food Waste labelled Dustbin.
3. Plastics wastes will be stored in the Plastics Waste labelled Dustbin.
4. Electronics wastes will be stored in the Electronics Waste labelled Dustbin.

## Step-3:

1. All waste papers will handover to paper recycle agencies (approved by GNIDA). Entries of the handover details will be maintained in the register
2. All food waste will be used as composted after crushing in the Machine (Machine had been installed in this area).
3. All plastic bottles, other plastics waste will be crushed by the Crushing Machine and store in the bags after reduce its volume. Same will be disposed by the GNIDA
4. All Electronic wastes will be issued to recycle agencies as per list given by the GNIDA.
5. All garden waste will be stored in the particular allotted area and make its composted through any composted making process.

All members of the institute are hereby requested to follow the waste segregation method in their offices/area.

## Instructions for Housekeepers:

Housekeepers will collect the wastes from offices or common areas in the segregation form and throw the same in the particular labelled places or dustbins.

Circulate to all with the hope to make healthy and green environment in the institute.
