OVERALL SYNOPSIS

The Shrinik Club organized Judge the book by its cover under the aegis of the Department of Computer Science & Engineering.

Book cover designing competitions are always interesting as they showcase talent and creativity, which provide huge amount of excitement among the students. The main objective was to provide a pedestal to showcase their talent, creativity, and perception of things.

Creativity is seeing what others see and thinking what no one else ever thought and keeping this thought in mind we organized this event to come up with best ideas, thoughts, creativity and the depth of understanding things. All the topics were interesting and students also expressed their excitement to participate in more such events.

Honorable Director Sir appreciated for the efforts put to evaluate the knowledge of the students within academics as well as beyond academics and to make them familiar with the prospects of creativity.

We extend our most sincere thanks to the Head of the Department, Dr. Sansar Singh Chauhan Sir for his immense support who always stands forward in order to organize and promote such events to energize the students for showcasing their inner talents required to fight the pacing technological world.

We extend our most sincere thanks to the entire Shrinik family for their incessant support and guidance for the successful completion of Book cover designing Competition.

**WE APPRECIATE YOUR PRESENCE AND PROMISE
TO DELIVER SUCH AMAZING PROGRAMS AHEAD.**

THANK YOU!

TEAM SHRINIK
