About: The legacy behind Excellence

GL Bajaj Institute of Technology and Management: A Premier Institution in North India

GL Bajaj Institute of Technology and Management, Greater Noida, is one of the leading self-financed educational institutions in the Delhi-NCR region. Established under the esteemed Rajeev Memorial Academic Welfare Society (Registered under the Societies Registration Act, 1860), the institute is approved by the All India Council for Technical Education (AICTE), Ministry of Education, Government of India, and is affiliated with Dr. A.P.J. Abdul Kalam Technical University (AKTU), Lucknow.

GL Bajaj stands out not only for its academic rigor but also for its commitment to nurturing well-rounded individuals equipped with the skills and values required for a successful future. The institute consistently maintains one of the highest pass percentages among engineering and management colleges affiliated with AKTU in the Noida and Greater Noida region.

Over the past eight years, GL Bajaj has secured a distinguished position in AKTU university results and is widely recognized among the top institutions in North India.

Institutional & Departmental Ethos

Vision of the Institute

To be an institute of repute, providing globally competent and socially sensitive professionals

Mission of the Institute

- **To equip with the latest technologies to be globally competitive professionals.**
- **To inculcate qualities of leadership, professionalism, corporate understanding and executive competence.**
- **To imbibe and enhance human values, ethics and morals in our students.**

Department Vision

M1 : Developing a strong mathematical & computing skill set among the students.

M2 : Extending the role of computer science and engineering in diverse areas like Internet of Things (Iot), Artificial Intelligence & Machine Learning and Data Analytics.

M3 : Imbibing the students with a deep understanding of professional ethics and high integrity to serve the Nation.

M4 : Providing an environment to the students for their growth both as individuals and as globally competent Computer Science professionals with encouragement for innovation & start-up culture.

Program Specific Outcomes (PSOs)

PSO1 : Students will be able to use problem solving skills to develop efficient algorithmic solutions.

PSO2 : Students will be able to develop solutions for a given problem in the area of artificial intelligence, data analytics, Computer Vision and IOT through a conducive environment and infrastructure.

Program Educational Objectives (PEOs)

PEO 1 : Graduate will work in the area of Application Software Development, Artificial Intelligence & Machine Learning, Data Analytics, and Internet of Things.

PEO 2 : Graduates will become successful software professionals with leadership and managerial quality in the modern software industry based on their strong skills on theoretical and practical foundation.

PEO 3 : Graduate will exhibit professional ethics and moral value with capability of working as an individual and as a team to contribute towards the need of industry and society

Institutional & Departmental Ethos

Knowledge and Attitude Profile (WK)

WK1.A systematic, theory-based understanding of the natural sciences applicable to the discipline and awareness of relevant social sciences.

WK2.Conceptually-based mathematics, numerical analysis, data analysis, statistics and formal aspects of computer and information science to support detailed analysis and modelling applicable to the discipline.

WK3.A systematic, theory-based formulation of engineering fundamentals required in the engineering discipline.

WK4.Engineering specialist knowledge that provides theoretical frameworks and bodies of knowledge for the accepted practice areas in the engineering discipline; much is at the forefront of the discipline.

WK5.Knowledge, including efficient resource use, environmental impacts, whole-life cost, re-use of resources, net zero carbon, and similar concepts, that supports engineering design and operations in a practice area.

WK6.Knowledge of engineering practice (technology) in the practice areas in the engineering discipline.

WK7.Knowledge of the role of engineering in society and identified issues in engineering practice in the discipline, such as the professional responsibility of an engineer to public safety and sustainable development.

WK8.Engagement with selected knowledge in the current research literature of the discipline, awareness of the power of critical thinking and creative approaches to evaluate emerging issues.

Ethics, inclusive behavior and conduct. Knowledge of professional ethics, responsibilities, and norms of engineering practice. Awareness of the need for diversity by reason of ethnicity, gender, age, physical ability etc. with mutual understanding and respect, and of inclusive attitudes.

Institutional & Departmental Ethos

Program Outcomes (POs)

Engineering Graduates will be able to:

PO1.Engineering Knowledge: Apply knowledge of mathematics, natural science, computing, engineering fundamentals and an engineering specialization as specified in WK1 to WK4 respectively to develop to the solution of complex engineering problems.

PO2.Problem Analysis: Identify, formulate, review research literature and analyze complex engineering problems reaching substantiated conclusions with consideration for sustainable development. (WK1 to WK4)

PO3.Design/Development of Solutions: Design creative solutions for complex engineering problems and design/develop systems/components/processes to meet identified needs with consideration for the public health and safety, whole-life cost, net zero carbon, culture, society and environment as required. (WK5)

PO4.Conduct Investigations of Complex Problems: Conduct investigations of complex engineering problems using research-based knowledge including design of experiments, modelling, analysis & interpretation of data to provide valid conclusions. (WK8).

PO5.Engineering Tool Usage: Create, select and apply appropriate techniques, resources and modern engineering & IT tools, including prediction and modelling recognizing their limitations to solve complex engineering problems. (WK2 and WK6)

PO6.The Engineer and The World: Analyze and evaluate societal and environmental aspects while solving complex engineering problems for its impact on sustainability with reference to economy, health, safety, legal framework, culture and environment. (WK1, WK5, and WK7).

PO7.Ethics: Apply ethical principles and commit to professional ethics, human values, diversity and inclusion; adhere to national & international laws. (WK9)

PO8.Individual and Collaborative Team work: Function effectively as an individual, and as a member or leader in diverse/multi-disciplinary teams.

PO9.Communication: Communicate effectively and inclusively within the engineering community and society at large, such as being able to comprehend and write effective reports and design documentation, make effective presentations considering cultural, language, and learning differences

PO10.Project Management and Finance: Apply knowledge and understanding of engineering management principles and economic decision-making and apply these to one's own work, as a member and leader in a team, and to manage projects and in multidisciplinary environments.

PO11.Life-Long Learning: Recognize the need for, and have the preparation and ability for i) independent and life-long learning ii) adaptability to new and emerging technologies and iii) critical thinking in the broadest context of technological change. (WK8)

Director, GLBITM

*“The goal of education
is the advancement of
knowledge and the
dissemination of
truth.”*

It gives me immense pleasure to connect with our students and faculty through the monthly newsletter of the Department of Computer Science and Engineering. This platform reflects not only academic progress but also the collective spirit of innovation, discipline, and excellence that defines GL Bajaj.

In an era where technology evolves at an unprecedented pace, each new day presents fresh challenges and opportunities. It is the need of the hour to continuously upgrade our skills, adopt innovative strategies, and remain aligned with emerging industry trends. At GL Bajaj, we remain committed to strengthening our academic foundation while fostering research, innovation, and practical application of knowledge. Our focus is not only on creating new avenues of learning but also on transforming ideas into real-world technological solutions that contribute to societal and professional growth.

I firmly believe that students who walk the guided path laid by our institution will carry forward the skills, values, and experiences gained here throughout their lives. Our objective is to ignite the potential within every learner and nurture them through a balanced blend of technical competence, hands-on exposure, and strong ethical values. By promoting a culture of critical thinking, resilience, and independent learning, we aim to shape future-ready professionals who are also responsible citizens.

I extend my best wishes to the Department of Computer Science and Engineering for their continued efforts in academic excellence and innovation. I encourage our students to remain curious, disciplined, and committed to making a meaningful and positive impact in the world.

From the HOD's Desk Computer Science

Warm greetings to all of you!

It gives me immense pleasure to present this edition of the Department of Computer Science & Engineering's newsletter. This platform not only celebrates the accomplishments of our department but also serves as a bridge that connects us all—students, faculty, alumni, and stakeholders—with a shared sense of pride and progress.

In today's fast-paced, technology-driven world, where the boundaries between nations and disciplines are dissolving rapidly, it becomes essential to stay ahead with knowledge, skill, and adaptability. With globalization and competition shaping our future, our department strives to keep pace with emerging trends in technology, science, and education.

Let us continue this journey together with curiosity in our minds and courage in our hearts.

Warm regards,

Dr. Sansar Singh Chauhan
Head of the Department
Computer Science & Engineering

Editorial Crew

Message from the Editorial Board Coordinator

It gives me immense pleasure to present the monthly Edition of the much-awaited CSE Department Newsletter. This newsletter serves as a platform to highlight the academic achievements, innovative initiatives, research contributions, and vibrant activities of our department.

With each edition, we aim to capture the spirit of progress and showcase the dedication of our faculty, students, and staff.

I extend my sincere gratitude to all contributors, editors, and coordinators who have worked diligently to bring this newsletter to life. I also encourage students and faculty to actively participate in future editions by sharing their achievements, ideas, and creative inputs.

Together, let us continue to build a culture of learning, innovation, and excellence.

PLACEMENT MILESTONE

The Department of Computer Science and Engineering proudly celebrates the remarkable placement achievement of **Ashutosh Pandey (CSE)**, who has been selected by **Commvault**, a global lead in data protection and information management, with an outstanding package of **₹34.32 LPA**.

Commvault is known for its rigorous selection criteria, looking for the perfect blend of analytical prowess and technical depth. **Ashutosh's success is a testament to his dedication to mastering complex algorithms and high-level training provided at GLBITM.**

Placement Milestone

The Department of Computer Science and Engineering is proud to celebrate another remarkable achievement as **Sachin Sachdeva(CSE) of Batch 2026** has secured a prestigious placement at Autodesk with an impressive package of **₹ 16 LPA**. This achievement reflects his consistent efforts, technical excellence, and determination to build a successful career in the technology domain. His selection at a globally recognised organisation like Autodesk highlights his strong potential and commitment to professional growth.

The rigorous preparation, practical learning, and industry-focused training provided at GL Bajaj have played an important role in shaping his journey. Sachin's accomplishment is a proud moment for the institute and serves as an inspiration for fellow students to pursue excellence with dedication and confidence.

We congratulate Sachin Sachdeva on this well-deserved success and wish her a fulfilling professional career ahead!

Placement Milestone

The department of CSE celebrates the remarkable placement achievement of **Shagun Choudhary, Mayank Rana, Rohan Kumar Gautam, and Tushar Gupta (CSE)**, who have been selected by C'Aelius Consulting Inc. with an impressive package of **₹12.01 LPA**. Their selection reflects their strong technical abilities, consistent efforts, and determination to excel in the competitive technology-driven industry.

This achievement highlights the students dedication towards professional growth and the industry-focused learning environment at GL Bajaj. Their success is a proud moment for the institute and an inspiration for fellow students to pursue their career aspirations with confidence, perseverance, and commitment to excellence. We congratulate all four achievers on this well-deserved success and wish them continued growth and success in their professional journey.

Congratulations
19 students on being selected at

kyndryl.
₹5.2 LAKH

The Department of Computer Science and Engineering is proud to celebrate the stellar achievements of our final-year students from the Batch of 2026. Our students continue to prove their mettle in the competitive tech landscape by securing prestigious offer from **Kyndryl** with an impressive package of **₹5.2 LPA**.

These selections underscore the technical proficiency, rigorous academic training, and problem-solving skills fostered at GL Bajaj Institute of Technology and Management. We congratulate all our selected students on these well-deserved successes. The CSE Department wishes them an incredible professional journey ahead as they step into these exciting new chapters.

Placement Milestone

₹ **8.48** LAKH
PACKAGE

Adarsh Kumar

Naveen Gupta

Pragati Srivastava

Jma Chaudhary

We are proud to celebrate the outstanding placement success of **4 CSE students** who have been selected by **EPAM** with an impressive package of **₹8.48 LPA**. This achievement reflects their dedication, technical skills, and consistent efforts towards building a successful career.

Their success serves as an inspiration to fellow students, demonstrating the importance of perseverance, continuous learning, and determination in achieving professional goals. Such accomplishments reflect the strong academic foundation and commitment to excellence that our students continue to uphold.

We congratulate our students on this significant milestone and wish them a brilliant start to their corporate careers.

Placement Milestone

Adding to the placement achievements, **Kumar Aditya**, a CSE student, has been selected by **This Torry Harris** with a package of **₹5 LPA**. His achievement is a testament to his hard work, determination, and commitment to professional growth.

This accomplishment reflects the importance of continuous learning, perseverance, and dedication in achieving career goals. Such successes inspire fellow students to work towards their aspirations with confidence and determination.

We are proud to witness our students taking significant steps towards building successful professional careers.

Their achievements continue to strengthen the spirit of excellence and motivate the entire student community to strive for greater milestones.

We congratulate our students on this significant milestone and wish them a brilliant start to their corporate careers.

Placement Milestone

Uddeshya Kumar

Minakshi Rawat

Ravi Sharma

Charitra

Sunil Kumar

Anshumaan Singh

We are delighted to celebrate the placement success of **6 CSE students** who have been selected by **Ethara.ai**. Their achievement reflects their strong technical foundation, dedication, and consistent efforts towards building a successful career in the technology industry.

This milestone is a proud moment for the students and the institution, inspiring fellow students to continue learning, growing, and striving for excellence.

This remarkable achievement reflects the students' dedication, perseverance, and commitment to continuous learning. It also highlights the importance of developing strong technical skills and staying prepared for the opportunities and challenges of the ever-evolving technology industry.

Placement Milestone

We are delighted to celebrate the remarkable placement success of **9 CSE Students of Batch 2026** who have been selected by **Cisco**. Their achievement reflects their strong technical skills, dedication, and consistent efforts towards building successful careers in the technology industry.

This significant milestone is a proud moment for the students and the institution, inspiring fellow students to continue learning, growing, and striving for excellence. We congratulate all the achievers and wish them continued success in their future endeavours.

Placement Milestone

Vipul Rawat

Radhika Mittal

Aditya Prajapati

Akshat Srivastava

We are delighted to celebrate the placement success of **4 outstanding CSE students** who have been selected by **Gemini Solutions** with packages ranging from **₹6–7 LPA**. Their achievement reflects their strong technical foundation, dedication, and consistent efforts towards building successful careers in the technology industry.

This achievement is a proud moment for the students and the institution, reflecting the value of academic learning and industry-focused preparation. We congratulate all the achievers and wish them a bright and successful journey ahead.

This remarkable accomplishment is a testament to the hard work, perseverance, and determination demonstrated by the students throughout their academic journey. It highlights their ability to transform knowledge into opportunities and take confident steps towards their professional goals. Their success serves as a source of inspiration for fellow students to continue learning, improving, and striving for excellence.

Placement Milestone

Congratulations
on being selected for internship at

Jayati Shubhangee
CSE

Vanshita Baghel
CSE

Anjali Rawat
CSE

Sakshi Chilkoti
CSE

Mantosh Kumar
CSE

We are delighted to celebrate the achievement of our talented **5 students** who have been selected for **internships at Fidelity International with an impressive stipend of ₹35,000 per month**. Their selection reflects their strong technical skills, dedication, and consistent efforts towards professional growth and excellence.

This accomplishment is a proud moment for the students and the institution, marking an important step towards their future careers in the technology industry. We congratulate all the selected students and wish them a valuable learning experience and continued success in their professional journey.

This opportunity represents an important step in the students professional journey, providing them with valuable exposure to the corporate environment and real-world learning experiences. It reflects their hard work and determination while encouraging them to explore new opportunities, enhance their skills, and build a strong foundation for their future careers.

Placement Milestone

Congratulations to **Ayush Tripathi (Batch 2027)** on securing an internship at **Eightfold.ai** with a stipend of ₹1.5 Lakh per month.

This is proof that consistent effort and the right guidance can open doors to global opportunities. Proud of you, Ayush — wishing you an incredible learning journey ahead.

Such achievements serve as an inspiration to fellow students and reflect the spirit of ambition, perseverance, and excellence. May this opportunity provide valuable experiences, new perspectives, and a strong foundation for even greater accomplishments in the future.

Placement Milestone

We are delighted to celebrate the outstanding achievement of **Rehan Shamim** students from the **Batch of 2027**, who have been selected for internship opportunities at Arcesium with an impressive **stipend of ₹60,000 per month**. Their achievement reflects their strong technical skills, dedication, and consistent efforts towards professional excellence.

This accomplishment is a proud moment for the students and the institution, marking an important milestone in their professional journey. We congratulate both the achievers and wish them a valuable learning experience and continued success in their future endeavour.

Placement Milestone

Congratulations to our students **Anjali Rawat and Apoorv Saxena of BTech CSE 2027 Batch** for securing an internship opportunity at Autodesk with an impressive stipend of **₹55K per month**.

Your dedication, skills, and hard work continue to make the GL Bajaj family proud. Wishing you both an incredible learning journey and greater milestones ahead.

This remarkable achievement reflects the strong academic foundation, perseverance, and practical skills nurtured throughout their journey. Their success serves as an inspiration to fellow students, encouraging them to pursue opportunities with confidence and continue striving for excellence in their respective fields.

Placement Milestone

We are proud to congratulate **Surya Dev Singh**, a CSE student from the **Batch of 2026**, on securing an internship at Cadence with a **stipend of ₹40,000 per month**. This achievement reflects his dedication, technical skills, and commitment to excellence. We wish him a successful learning experience and continued achievements in his future career.

This remarkable opportunity marks an important milestone in his professional journey and serves as an inspiration for fellow students to pursue their goals with determination and confidence. Such achievements reflect the value of continuous learning, perseverance, and a strong foundation in technical knowledge.

We are delighted to celebrate this accomplishment and look forward to witnessing many more successes in the years ahead. May this internship provide valuable industry exposure, meaningful experiences, and new opportunities for growth and excellence.

Alumni Visit

Alumni Visit - Batch of 2025->

We were delighted to welcome our esteemed alumnae, **Astha Mehra from the Batch of 2025**, back to campus. Currently working as a **Software Developer at IBM**, her visit served as a meaningful opportunity to reconnect with the department and inspire current students.

During their visit on campus, they met with the Head of the Computer Science & Engineering Department, **Dr. Sansar Singh Chauhan** and engaged in insightful discussions about the evolving industry landscape, emerging technologies, and the expectations from fresh graduates. They also shared their personal journeys from campus life to securing placements highlighting the importance of consistency, skill development, and practical exposure.

The interaction with students was particularly engaging, as they addressed queries related to placements, technical preparation, and workplace experiences. Their guidance provided clarity and motivation to students aspiring to build successful careers in the tech industry.

Alumni Visit

Alumni Visit - Batch of 2025->

We were delighted to welcome our esteemed alumnae, **Tanisha Saraswat**, **Shreya Kaushik**, and **Juhi Pathak** from the **Batch of 2025**, back to campus. Currently working as **Implementation Analyst at Capgemini**, **Software Developer I at IBM ISL**, and **SDE-I at Swiggy**, respectively, their visit provided a wonderful opportunity to reconnect with the department and inspire current students.

During their visit, they met with the Head of the Computer Science & Engineering Department, **Dr. Sansar Singh Chauhan**, and shared valuable insights into the evolving industry landscape, emerging technologies, and professional expectations. They also reflected on their journeys from campus to the corporate world, emphasizing the importance of consistency, technical skills, practical exposure, and continuous learning.

The interaction with students was engaging and insightful, as they addressed queries related to placements, technical preparation, coding, and workplace experiences. Their experiences and guidance provided students with valuable motivation and clarity as they prepare to build successful careers in the technology industry.

Student Achievement

Vibhor Sharma Appointed President of Shrinik Club for 2026–27

The **Computer Science and Engineering Department** proudly congratulates Vibhor Sharma on his appointment as the President of Shrinik Club for the 2026–27 academic tenure. This achievement reflects his commitment to the department and his active contribution to its technical and student-oriented initiatives.

Recognized for his **leadership, dedication, and enthusiasm for technology**, Vibhor Sharma will lead the club in organizing hackathons, technical workshops, coding activities, and student engagement programs. His role will involve creating opportunities for students to explore new technologies, develop practical skills, and actively participate in a collaborative technical environment.

Under his leadership, Shrinik Club aims to promote innovation, strengthen the department's coding culture, encourage peer learning, and provide students with greater exposure to industry-oriented skills and opportunities. The club looks forward to introducing engaging initiatives that encourage students to learn, build, and innovate beyond the classroom.

The department extends its heartfelt congratulations and best wishes to Vibhor Sharma for a successful and impactful tenure ahead. We look forward to his contributions in making Shrinik Club a stronger platform for technical growth and student collaboration.

Student Achievement

Bharti Chandak Wins Second Prize in Tech-Talk Competition at Tech-Fest 2026

Bharti Chandak, Department of Computer Science & Engineering, brought laurels to the department by securing the **Second Prize in the Tech-Talk Competition at Tech-Fest 2026**, organized by **Katalyst India** at G.L. Bajaj Institute of Technology and Management, Greater Noida.

The competition provided an engaging platform for participants to present their **technical expertise, innovative ideas, and perspectives while demonstrating effective communication and presentation skills**. Through her well-structured presentation and confident delivery, **Bharti Chandak impressed the audience** and showcased her strong command of the subject.

Her achievement reflects her **technical proficiency, confidence, and dedication towards continuous learning and knowledge sharing**. It also highlights the importance of active participation in professional and technical forums that encourage faculty members to exchange ideas and enhance their expertise.

The department takes immense pride in this accomplishment and extends its heartfelt congratulations to **Bharti Chandak** for this well-deserved recognition. We wish her continued success and many more achievements in the future.

Student Achievement

Altamish Wins GitLab AI Hackathon and Appointed Google Gemini Student Ambassador

Altamish, a B.Tech CSE student of G.L. Bajaj Institute of Technology & Management, has brought pride to the institution by emerging as the **Winner of the GitLab AI Hackathon**, a global platform that encourages innovation in artificial intelligence and technology. He secured the winning position with his project “**Carbon Tracker**” in the System Design category.

The project reflects his ability to **combine AI, system design, and innovative problem-solving to address real-world challenges**. Competing on a global platform, Altamish demonstrated strong technical understanding, creativity, and the ability to develop technology-driven solutions with practical relevance.

Adding another significant achievement to his portfolio, **Altamish** was also appointed as a **Student Ambassador for Google Gemini 2026**. This role provides him with an opportunity to engage with the student community, promote awareness of emerging AI technologies, and encourage fellow students to explore and experiment with innovative tools.

His achievements on global platforms highlight his **technical excellence, leadership potential, and enthusiasm for emerging technologies**. The department takes immense pride in his accomplishments and extends its heartfelt congratulations to **Altamish** for these remarkable milestones

Student Achievement

Riddhi Singh Secures 5th Rank in Dr. A.P.J. Abdul Kalam Technical University Merit List

Riddhi Singh, a student of Computer Science & Engineering, has brought immense pride to the department by securing an outstanding **5th Rank in the Dr. A.P.J. Abdul Kalam Technical University (AKTU) Merit List**.

Her exceptional academic performance reflects her dedication, perseverance, and consistent pursuit of excellence. **Securing a position among the university's top achievers is a testament to her strong academic foundation** and commitment to her studies.

This remarkable achievement highlights the culture of academic excellence and hard work fostered within the department. It also serves as an inspiration for fellow students to strive for higher goals and pursue excellence in their academic journey.

The department extends its **heartfelt congratulations to Riddhi Singh** on this outstanding accomplishment and wishes her continued success and many more milestones in the future.

Abstract		
The invention provides an AI-powered rockfall prediction and alert system for open-pit mines. Multisource data including digital elevation models, drone imagery, geosensors, and weather parameters are analyzed by machine learning algorithms to generate a Rockfall Risk Index. High-risk events trigger automated alerts via SMS, e-mail, and dashboard notifications. The system includes a web-based interface displaying real-time risk maps and recommended mitigation actions. Adaptive feedback refines predictive accuracy. This invention enables proactive hazard management, reduces human error, and enhances operational safety in mining environments.		

Vibhor Sharma and Team Secure Patent Publication for AI-Powered Mining Safety System

The Computer Science and Engineering Department proudly recognizes the successful publication of the patent titled **"AI-Powered Rockfall Prediction and Alert System for Open-Pit Mines,"** published on **30 January 2026**.

The innovative system focuses on enhancing safety in open-pit mining by leveraging Artificial Intelligence, sensor data, and environmental parameters to predict potential rockfall hazards. The system enables real-time risk assessment and mapping while providing timely alerts through SMS notifications and monitoring dashboards, helping minimize human error and improve operational safety.

The invention was developed by **Vibhor Sharma, Manu Tyagi, Anurag Yadav, Palak Chadha, and Nikunj Goyal** under the guidance and mentorship of **Shikhar Pandey Sir**. His guidance played an important role in helping the team translate their technical concept into an innovative solution addressing a critical real-world challenge in the mining sector.

This achievement highlights the team's commitment to research, innovation, and the practical application of Artificial Intelligence to industrial safety challenges. It also reflects the department's growing emphasis on fostering innovation and encouraging students to pursue impactful research under the mentorship of faculty members.

The Computer Science and Engineering Department extends its **heartfelt congratulations to the entire team and Shikhar Pandey Sir** on this remarkable achievement and wishes them continued success in their future research and innovation endeavors.

Student Achievement

Altamash Khan Completes International Summer School at FH Aachen, Germany

Altamash Khan, a student of Computer Science and Engineering, successfully completed the **AUTOSOL International Summer School at FH Aachen University of Applied Sciences, Germany**, through Indo-Euro Sync (IES).

The program provided hands-on exposure to **robotics, ROS 2, Python, and computer vision**, with practical work involving the **Boston Dynamics Spot robot and Kinova robotic arm**. The experience was further enriched through expert lectures, collaborative learning with international students, and industrial visits to **Mercedes-Benz and Porsche**.

The program offered a valuable **blend of technical, academic, industrial, and cultural exposure**, strengthening Altamash's practical skills and providing him with a broader global perspective.

The **department congratulates Altamash Khan** on this enriching international learning experience and wishes him continued success in his academic and professional journey.

Student Achievement

Ankita Bhaskar Achieves Multiple Academic and Professional Milestones

Ankita Bhaskar, a student of Computer Science and Engineering, achieved several academic and professional milestones during **June 2026**. She was selected as a **Campus Ambassador** at E-Cell, IIT Bombay and received an **Artificial Intelligence Internship Offer** from Pinnacle Labs Pvt. Ltd.

She also successfully completed the **Mastercard Cybersecurity Job Simulation on Forge**, gaining practical exposure to cybersecurity concepts, including phishing awareness. Additionally, Ankita **completed two Udemy certification courses in Logical Reasoning** and Quantitative Aptitude, strengthening her analytical and placement preparation skills.

These achievements reflect her commitment to **continuous learning, skill development, and professional growth**. The department congratulates **Ankita Bhaskar** on these accomplishments and wishes her continued success in her academic and professional journey.

Faculty Achievement

AWS Certified Cloud Practitioner – Mr. Ravindra Kumar

 training and certification

AWS Certified Cloud Practitioner

Notice of Exam Results

Candidate: Ravindra Kumar	Exam Date: 5/18/2026
Candidate ID: AWS05796588	Registration Number: 534664793
Candidate Score: 914	Pass/Fail: PASS

Congratulations! You have successfully completed the AWS Certified Cloud Practitioner and you are now AWS Certified.

The AWS Certified Cloud Practitioner (CLF-C02) has a scaled score between 100 and 1,000. The scaled score needed to pass the exam is 700.

As a reminder, you are bound by the [Candidate Code of Conduct](#) you accepted when taking your exam, and you are expected to keep the contents of the examination secure. If you have any questions or require assistance, please [contact us](#).

Congratulations again on your achievement and the ability to claim the associated benefits, such as digital badges and discount vouchers for future exams. To take advantage of the benefits associated with your AWS Certified Cloud Practitioner certification, explore the "Benefits" section of your [AWS Certification Account](#).

Thank you,
AWS Training and Certification

Mr. Ravindra Kumar, Assistant Professor, Department of Computer Science & Engineering, successfully **earned the AWS Certified Cloud Practitioner (CLF-C02) certification** on **18 May 2026**, achieving an impressive score of **914/1000**.

The globally recognized certification validates his understanding of cloud computing fundamentals, AWS services, security, cloud architecture, networking, pricing, and best practices. His strong performance reflects his technical expertise and commitment to staying updated with emerging cloud technologies.

As an **AWS Academy Educator and AWS Coordinator** for the department, **Mr. Ravindra Kumar** actively contributes to cloud-focused learning initiatives, **conducts AWS Academy courses**, and **mentors students in developing industry-relevant cloud skills**.

This accomplishment further strengthens his ability to deliver industry-aligned cloud education and guide students towards globally recognized certifications. The department extends its heartfelt congratulations to **Mr. Ravindra Kumar** on this achievement and appreciates his continued commitment to professional development and academic excellence.

Faculty Achievement

Faculty Development Programme on Next-Generation Artificial Intelligence – Mr. Shikhar Pandey

Mr. Shikhar Pandey, Department of Computer Science & Engineering, actively participated in a 5-Day Faculty Development Programme on “**Next-Generation Artificial Intelligence: From Generative Models to Genome AI**”, held from **27 to 31 July 2026**.

Organized by the Department of CSE-AIML, Meerut Institute of Engineering & Technology, Meerut, the programme focused on emerging developments in **Artificial Intelligence, Generative AI, and Genome AI**. It provided valuable exposure to contemporary AI technologies and evolving research directions, enhancing participants’ technical knowledge and academic perspectives.

Participation in the programme reflects **Mr. Shikhar Pandey’s commitment to continuous learning and professional development**. The department appreciates his efforts towards strengthening his expertise in emerging AI technologies and contributing to an industry-relevant academic environment.

Faculty Achievement

Faculty Development Program on Data Analytics Using Python – Mr. Pashupati Baniya

Mr. Pashupati Baniya, Department of Computer Science & Engineering, participated in a **one-week Faculty Development Program on Data Analytics Using Python**, conducted by **ICT Academy** in association with Microsoft from **29 June to 3 July 2026** at G.L. Bajaj Institute of Technology and Management.

The program focused on **Data Analytics using Python**, providing participants with valuable exposure to modern data-driven techniques and practical analytical approaches. The program offered an opportunity to **enhance technical knowledge and strengthen teaching competencies in an evolving technology landscape**.

Participation in such professional development initiatives reflects **Mr. Pashupati Baniya's commitment to continuous learning, skill enhancement, and academic growth**. It also contributes to the department's efforts towards strengthening industry-relevant technical education.

The department appreciates **Mr. Pashupati Baniya for his active participation** and wishes him continued growth and success in his professional journey.

IEEE Research Publication on AI-Enabled Personalized Education

A Scalable SaaS Framework for AI-Enabled Personalized Education: System Design, Implementation, and Evaluation

Publisher: IEEE [Cite This](#) [PDF](#)

[Fiza Yasmeen](#) ; [Shikhar Pandey](#) ; [Priya Goel](#) ; [Bhanu Pratap Singh](#) ; [Arpit Ranjan Mitra](#) All Authors

The Department of Computer Science and Engineering proudly congratulates **Mr. Shikhar Pandey** on his valuable contribution to the research paper "**A Scalable SaaS Framework for AI-Enabled Personalized Education: System Design, Implementation, and Evaluation.**"

The paper presents a scalable, AI-driven SaaS platform for personalized digital learning, featuring secure authentication, subscription-aware access control, adaptive learning readiness, and analytical capabilities.

The framework was evaluated on key parameters such as API response time, database latency, concurrent-user support, and security, demonstrating strong potential for robust, AI-enabled learning environments.

This achievement reflects **Mr. Shikhar's continued engagement with emerging technologies and his commitment to impactful research in Computer Science and Engineering.** The department wishes him continued success in his research journey.

The Department of Computer Science and Engineering proudly recognizes **Mr. Shikhar Prateek Pandey** for his research contribution in Artificial Intelligence, Generative AI, and Multimodal Learning through the publication of his paper, **"Integrating Visual and Language Models – New Frontiers in Multi-Modal Text-to-Image Generation."**

The paper explores text-to-image generation, where AI models transform natural-language descriptions into realistic visual content, and discusses the challenges of accurately capturing textual context in generated images.

It highlights the role of Generative Adversarial Networks (GANs) and multimodal learning, particularly the StackGAN-based two-stage approach that refines a low-resolution image into a detailed, realistic output.

The work contributes to the growing field of multimodal AI, with applications in creative content generation, digital media, and intelligent design systems.

Earns Reviewer Recognition at AICTC-2026->

We are pleased to share that **Mr. Shikhar Prateek Pandey** from the **Department of Computer Science & Engineering, GL Bajaj Institute of Technology & Management**, has been recognized for his valuable contribution as a **Reviewer** at the **6th International Conference on Advances in Information Communication Technology and Computing (AICTC-2026)**.

The conference, held from **17th to 18th April 2026** at **BTU Bikaner, Rajasthan**, is a prestigious international platform that brings together researchers, academicians, and industry experts to discuss emerging trends and innovations in the field of information and communication technology.

Being selected as a reviewer for such a reputed conference reflects Mr. Pandey's academic expertise, research proficiency, and commitment to maintaining high scholarly standards.

Faculty Achievement

Faculty Development Program on Data Analytics Using Python – Mr. Shikhar Prateek Pandey

We are pleased to share that **Mr. Shikhar Prateek Pandey**, faculty member at GL Bajaj Institute of Technology and Management, successfully participated in a **one-week Faculty Development Programme on “Data Analytics using Python.”** The programme was conducted by **ICT Academy** from **29 June to 03 July 2026** at GL Bajaj Institute of Technology and Management.

The programme provided an opportunity to enhance knowledge and practical understanding of **Data Analytics using Python**, equipping faculty members with valuable insights into emerging technologies and industry-relevant skills. Such initiatives reflect our faculty's commitment to continuous learning and professional development.

We congratulate **Mr. Shikhar Prateek Pandey** on this accomplishment and appreciate his dedication towards upgrading his technical expertise. His participation further strengthens our institution's commitment to innovation, skill development, and excellence in teaching and learning.

Faculty Achievement

Faculty Development Programme on Research, IPR and Project Proposal Writing

We are pleased to highlight the successful participation of **Mr. Shikhar Prateek Pandey**, faculty member at GL Bajaj Institute of Technology and Management, in a **6-Day Faculty Development Programme (FDP)** on “**Research Papers, Intellectual Property Rights (IPR) and Project Proposal Writing.**” The programme was organized by the **Research & Development Cell**, GL Bajaj Institute of Technology & Management, Greater Noida, from **01 June to 06 June 2026.**

The FDP provided valuable exposure to key aspects of **research, innovation, intellectual property, and effective project proposal writing.** Through technical sessions and expert interactions, the programme strengthened research-oriented skills and encouraged participants to explore innovative ideas and develop them into meaningful research and project initiatives.

We congratulate **Mr. Shikhar Prateek Pandey** on this accomplishment and appreciate his commitment to continuous professional development. His active participation reflects the institution's continued emphasis on **research excellence, innovation, and knowledge enhancement** among its faculty members.

Faculty Achievement

Honored for Technical Program Committee at ICAMC 2026

We are pleased to highlight the achievement of **Mr. Shikhar Prateek Pandey**, faculty member at GL Bajaj Institute of Technology and Management, who was recognized with a **Certificate of Achievement** for his valuable services as a **member of the Technical Program Committee at ICAMC 2026**.

The International Conference on Emerging Applications of Artificial Intelligence, Machine Learning and Cybersecurity (ICAMC 2026) was organized by HMR Institute of Technology and Management, New Delhi, on **7–8 May 2026**. His involvement in the Technical Program Committee reflects his active contribution to the academic and research community and his engagement with emerging areas of technology.

We congratulate **Mr. Shikhar Prateek Pandey** on this recognition and appreciate his continued commitment to research, innovation, and academic excellence. His contribution exemplifies the institution's efforts to encourage faculty participation in meaningful academic and professional platforms.

Faculty Achievement

Certificate of Appreciation for Reviewer - ICICI-2026

We are pleased to highlight the recognition received by **Ms. Abha Kaushik**, faculty member at GL Bajaj Institute of Technology and Management, for her valuable contribution as a **Reviewer during the International Conference on Innovations in Computational Intelligence (ICICI-2026)**. The conference was technically co-sponsored by **IEEE-CIS** and organized by the Department of CSE (AI/AI&ML) and CSIT, KIET (Deemed to be University), Delhi-NCR, Ghaziabad.

Held on **24–25 April 2026**, the conference provided a platform for researchers and academicians to exchange ideas and explore advancements in computational intelligence. Her contribution as a reviewer reflects her expertise, academic engagement, and commitment to supporting quality research and scholarly activities.

We congratulate **Ms. Abha Kaushik** on this achievement and appreciate her continued involvement in research and academic initiatives. Her contribution further reflects the institution's commitment to research excellence, innovation, and active participation in the academic community.

Faculty Achievement

Faculty Development: Dr. Pankaj Kumar Attends AICTE-Recognized FDP on "AI for Future Workforce"

We are pleased to highlight the successful participation of **Dr. Pankaj Kumar**, faculty member at G.L. Bajaj Institute of Technology and Management, in an **AICTE-Recognized Faculty Development Programme on “AI for Future Workforce.”** The programme was conducted by the Computer Science and Engineering Department of the National Institute of Technical Teachers Training and Research (NITTTR), Chandigarh, in collaboration with Intel, from **20 July to 24 July 2026** at **Galgotias College of Engineering and Technology, Greater Noida**.

The one-week programme provided an enriching platform to explore the growing role of **Artificial Intelligence in shaping the future workforce**. It offered valuable exposure to emerging AI concepts and their relevance in education, technology, and industry, supporting the continuous enhancement of faculty knowledge and professional capabilities.

We congratulate **Dr. Pankaj Kumar** on this accomplishment and appreciate his commitment to continuous learning, technological advancement, and professional development. His participation reflects the institution’s continued focus on equipping faculty members with contemporary skills and knowledge in emerging areas of technology.

Faculty Achievement

Faculty Development Programme on Next-Generation Artificial Intelligence

We are pleased to highlight the successful participation of **Dr. Pankaj Kumar**, faculty member at G.L. Bajaj Institute of Technology and Management, in a **5-Day Faculty Development Programme on “Next-Generation Artificial Intelligence: From Generative Models to Genome AI.”** The programme was organized by the Department of CSE-AIML, Meerut Institute of Engineering & Technology, Meerut, and was held from **27 July to 31 July 2026**.

The programme provided an enriching platform to explore emerging advancements in **Artificial Intelligence**, with a focus on generative models and the evolving field of Genome AI. Such academic initiatives enable faculty members to enhance their knowledge of emerging technologies and stay abreast of developments in contemporary research and education.

We congratulate **Dr. Pankaj Kumar** on his successful participation and appreciate his commitment to **continuous learning, professional development, and technological advancement**. His engagement in such programmes reflects the institution’s continued emphasis on empowering faculty with relevant knowledge and skills in emerging areas of technology.

Faculty Achievement

Faculty Development Program on Data Analytics Using Python – Bhuvnesh Malik

Mr. Bhuvnesh Malik, Department of Computer Science & Engineering, participated in a one-week Faculty Development Program on “**Data Analytics using Python**”, conducted by **ICT Academy in association with Microsoft** from **29 June to 3 July 2026** at G.L. Bajaj Institute of Technology and Management.

The program provided valuable exposure to **Python-based data analytics techniques and modern data-driven approaches**, helping participants enhance their technical knowledge and teaching competencies. It offered an opportunity to explore contemporary analytical practices relevant to academic and industry requirements.

Participation in the programme reflects **Mr. Bhuvnesh Malik’s commitment to continuous learning and professional development**. The department appreciates his efforts towards strengthening his technical expertise and contributing to an industry-relevant academic environment.

Faculty Achievement

Faculty Development Programme on Next-Generation Communication Systems and AI-Driven Signal Processing -Mr. Bhuvnesh Malik

Mr. Bhuvnesh Malik, Department of Computer Science & Engineering, successfully completed a Faculty Development Programme (FDP) on **“Next-Generation Communication Systems and AI-Driven Signal Processing: Trends and Applications”**, organized by the Department of Communication Engineering, School of Electronics Engineering (SENSE), **VIT Vellore, from 8 to 12 June 2026.**

The programme focused on emerging advancements in next-generation communication systems and AI-driven signal processing, providing valuable exposure to contemporary technologies, trends, and their applications. It offered an opportunity to broaden technical knowledge and gain insights into the evolving intersection of Artificial Intelligence and communication engineering.

Participation in this FDP reflects Mr. Bhuvnesh Malik’s commitment to continuous learning and professional development, while strengthening his understanding of emerging technologies relevant to modern engineering education. The department appreciates his efforts towards enhancing his technical expertise and academic perspective.

Faculty Achievement

FDP on Research Papers, Intellectual Property Rights (IPR) and Project Proposal Writing

Mr. Bhuvnesh Malik successfully participated in the **6-Day Faculty Development Programme (FDP) on “Research Papers, Intellectual Property Rights (IPR) and Project Proposal Writing”**, organized by the Research & Development Cell, GL Bajaj Institute of Technology & Management, Greater Noida, from **1 to 6 June 2026**.

The programme focused on **strengthening research skills, understanding intellectual property rights, enhancing academic writing, and developing effective project proposals**. His participation reflects a continued commitment to research, innovation, and professional development, contributing to a stronger culture of academic and research excellence within the department.

Faculty Achievement

Design Patent Granted for “AI-Integrated Smart Energy Station for Electric Vehicles”

The Department of Computer Science & Engineering proudly recognizes Dr. Amit Wadhwa for the grant of a Design Patent for the innovative concept titled **“AI-Integrated Smart Energy Station for Electric Vehicles.”**

The patented design presents an intelligent and futuristic **approach to electric vehicle charging infrastructure by integrating Artificial Intelligence with modern energy management systems.** The proposed station is designed to enhance energy distribution, improve user interaction, and support the development of sustainable urban mobility.

The design features an ergonomic and user-friendly layout that enables convenient access while maintaining a modern and technologically advanced appearance. It also incorporates structural elements and visual indicators representing **real-time AI-based load balancing and energy management, supporting efficient utilization of energy within the charging infrastructure.**

With a strong focus on sustainability and green transportation, the design reflects the evolving requirements of next-generation electric mobility and smart urban infrastructure. Its integration of intelligent technology with functional and sustainable design makes it a promising concept for future EV charging networks.

The CSE Department congratulates **Dr. Amit Wadhwa** on this significant achievement and appreciates his contribution towards innovation, sustainable technology, artificial intelligence, and next-generation electric vehicle infrastructure.

Faculty Recognition

AI Research Paper Presentation at ICNDSA 2026

Mr. Bhuvnesh Malik presented his research paper titled **“AI-Powered Python Code Reviewer using Google Gemini and Streamlit”** at the 2026 International Conference on NextGen Data Science and Analytics (ICNDSA-2026), organized by the **School of Sciences, CHRIST (Deemed to be University)**, Delhi NCR Campus, held on **10–11 April 2026**.

The paper highlights the application of Generative AI and modern development tools to enhance **Python code review and provide intelligent programming assistance**. His presentation at an international conference reflects his contribution to AI-driven research, innovation, and practical technology applications, further strengthening the department's culture of research and academic excellence.

Faculty Recognition

Bhuvnesh Malik Contributes as Reviewer at ICICI 2026

Mr. Bhuvnesh Malik contributed as a Reviewer at the International Conference on **Innovations in Computational Intelligence (ICICI-2026)**, technically co-sponsored by **IEEE-CIS (IEEE Conference Record No. 68867)**. The prestigious international conference was organized by the Department of CSE (AI/AI&ML) and CSIT, KIET (Deemed to be University), Delhi-NCR, Ghaziabad, and held on **24–25 April 2026**.

As a reviewer, he contributed to the academic evaluation of research work in the field of **computational intelligence, supporting the conference's efforts to promote high-quality research and emerging technological innovations**. His involvement reflects his growing engagement with the research and scholarly community, while strengthening his expertise in areas related to **Artificial Intelligence, Machine Learning, and Computational Intelligence**.

This recognition highlights his commitment to academic excellence, research contribution, and continuous professional development, further contributing to the department's vision of fostering research-oriented and industry-relevant expertise.

Faculty Recognition

Bhuvnesh Malik Recognized as Reviewer for Elsevier's JISA

Mr. Bhuvnesh Malik, Assistant Professor, Department of Computer Science & Engineering, has been recognized for his contribution to the scholarly peer-review process by successfully reviewing a research manuscript for the **Journal of Information Security and Applications (JISA)**, an **SCI-indexed, Q1 journal** published by Elsevier.

He was awarded a Certificate of Reviewing for one review **completed in May 2026**, acknowledging his contribution to maintaining the quality and rigor of published research in the field of information security. His involvement as a peer reviewer reflects his **active engagement with the international research community and his expertise in evaluating emerging research in cybersecurity and related areas**.

This recognition further highlights his commitment to research excellence, academic contribution, and professional development, strengthening the department's culture of high-quality research and scholarly collaboration.

Event

Farewell Celebration

The **Farewell Celebration for the CSE Batch of 2026** was a memorable occasion filled with laughter, nostalgia, and heartfelt emotions. The event brought together graduating students and faculty members to celebrate the wonderful journey the batch had shared over the years.

From attending lectures and working on projects to participating in events, completing assignments, and making countless memories with friends, every moment contributed to their college experience. The farewell provided a perfect opportunity to look back at these cherished memories and celebrate the achievements and growth of the students.

The celebration was filled with cheerful interactions, memorable photographs, fun moments, and heartfelt wishes for the graduating batch. It was a day where friendships were celebrated, memories were revisited, and the campus atmosphere reflected both the happiness of the occasion and the emotions of saying goodbye.

As the students came together one last time as a batch, the farewell became a beautiful reminder of the bonds and experiences that made their college journey truly special.
